

Light up for Christmas

Christmas is truly now on the minds of the nation as festive lights across the land are switched on to brighten up the darker nights. Not least, the famous London illuminations in Oxford Street, Covent Garden and Carnaby Street. Garden Centres are welcoming eager children with hopeful lists for Santa, whilst parents peruse spectacular displays of trees, lights, wreaths and ornaments – whilst grabbing a stocking filler or two on the way.

The majority of gifts and decorations seen in stores this year, began their journeys at Harrogate Christmas & Gift 2022 – where the buyers saw new ranges first hand and placed orders to fill their shelves this Christmas. The show looks forward to welcoming visitors back in January 2023 – don't forget to register online at www.harrogatefair.com

Cute and sustainable

Keel Toys celebrated its 75th Anniversary in 2022 and its ongoing commitment to creating a sustainable future has never been more important. Keeleco is a beautiful eco-friendly collection of toys manufactured and filled with 100% recycled polyester made from plastic waste. In the three years since launching this range the company has recycled in excess of 50 million water bottles in the manufacture of these beautiful toys.

The Keeleco range now offers business partners a complete sustainable soft toy collection of over 200 products, including Christmas, Wild, Farm, Sealife, Dinosaurs, Teddy Bears, Nursery, and a new Fashion range – Keeleco Adoptable World. Keel Toys also offers extensive experience with bespoke toys, providing a fully managed service from design to delivery.
