

It's Christmas ...

Day one of Harrogate Christmas & Gift and the halls have been packed with visitors arriving to see the latest innovations presented at the 2024 show.

There is a wealth of dazzling lights, lots of glass and sparkle and the atmosphere buzzing. Stands have been packed with buyers perusing products and placing orders; whilst the aroma of pine, cinnamon and Christmas spices complete the festive ambience.

Whether you are seeking artificial flora, greetings cards and crackers; traditional trees and baubles; or something with an eco-friendly twist, you are guaranteed to find it at the show – and there's still plenty of time to visit.

The halls are open on Monday and Tuesday from 9am to 6pm and Wednesday from 9am to 4pm.

Visit www.harrogatefair.com for more information.
